

ASUC Green Certification Program

Internship Application 2012-2013

Fellow students:

We would like to welcome you to the 2012-2013 Academic school year. UC Berkeley has long touted its reputation as the leader on green campuses nation-wide. The ASUC Green Certification Program is yet another branch working under the ASUC umbrella focusing on sustainability consulting geared towards students. This year we will be accepting ten new student interns into the Green Certification Program as GreenCAT (Green Certification Auditing Team) members. Please fill out the application below to the best of your ability. Contact [Vanessa Fernandez](#) with any questions regarding the application and selection process.

The ASUC Green Certification Program is still a very new program on campus. We are looking for dedicated student that will strive to work with our participating student groups and the Directors in order to make the program a long lasting part of the on-campus community.

*Applications are due no later than September 20, 2012. All applicants will be contacted with a confirmation email within a day of receiving the applications. **Please email applications to asucgreencat@gmail.com with the header GreenCAT Application. Interviews will be scheduled a week from the application deadline. In the spirit of sustainability, we will not be accepting paper applications.***

Basic Information

Name:	Email:
Major/Year:	Phone Number:

Minimum Requirements and Description

- 1-hour weekly meetings with other GreenCATs and Directors.
- 3-5 hours monthly.
- These hours are tentative; some interns will decide to put in more or less hours depending on the two student groups assigned to the intern. Each student group has different needs and will require more or less time to help them.
- All interns must attend all workshops and training exercises. If there is a time conflict, we will provide a one-on-one training session. We suggest that Finance officers and newly appointed Sustainability Officers attend.
- Interns will complete all midterm and final evaluation packets for their two groups, as well as a student audit report at the end of the year.

ASUC Green Certification Program

Internship Application 2012-2013

Short Responses

Please type your responses within a separate word document and attach to the email when submitting the your application. Please limit each response to 200 words per question.

1. What sustainability programs have you participated in on campus and off? Please provide a detailed description of the program and your role within the program (if it will exceed the 200 word limit, please attach a separate resume).
2. If you have not had experience in a sustainability program please explain why you would like to participate in the ASUC Green Certification Program.
3. Do you have any technical skills that would be of use to the program?
4. In your own words please define sustainability and what it means to the campus community.
5. What are your hobbies and interests?
6. Optional: What are the biggest obstacles facing student groups shifting towards sustainability measures?

Additional Information

If possible please attach a tentative schedule for this semester. Include all extracurricular activities within your schedule.

Thank you for your interest in the ASUC Green Certification Program!
